ŠKODA DELIVERIES IN LAST 5 YEARS

MILESTONES OF 2017

The year 2017 was not only best year ever in ŠKODA's 122 year long history but also full of important jubilees and milestones.

20 MILLION CARS PRODUCED

This year, ŠKODA KAROQ was the 20 millionth car that rolled off the production line. 15 million cars have been manufactured since joining Volkswagen Group in 1991. The very first car was produced in Mladá Boleslav in 1905.

10 MILLION GEARBOXES MANUFACTURED

ŠKODA AUTO has produced 10 million gearboxes. Manual and automatic dual clutch transmissions (DSG) are used in ŠKODA models as well as other brands in the Volkswagen Group. The plant in Vrchlábí is **one of the most important DSG plants** in the Volkswagen Group.

ŠKODA MILLIONAIRES

In 2017, three ŠKODA models celebrated remarkable jubilees. ŠKODA produced the 500,000th third-generation **FABIA** and the four millionth ŠKODA FABIA since the series debuted in 1999.

Current ŠKODA **OCTAVIA** reached 1.5 million from its debut in 2012. With total sales surpassing 5 million units, it is one of the most successful model lines in the automotive world today.

ŠKODA has also produced the one millionth **SUPERB**. The current third generation has made a major contribution to this result. The brand's flagship brings the success story of the series to a new level.
